

NEW ALTERNATIVE INVESTMENT CENTER IN NETX360

A comprehensive tool designed to help your firm and its advisors grow their alternative investment business, the Alternative Investment Center is available in the [newest version](#) of NetX360[®] (version 1261)

Through the Alternative Investment Center, you can view a centralized list of thousands of alternative investment choices, including Alternative Investment Network and no-fee investments. Available via the Investment Products section under the Markets & Research menu in NetX360, the Alternative Investment Center includes:

- Screener tool—View a real-time list of all alternative investments on Pershing's platform (both Alternative Investment Network and no-fee) all in one location
- Comparison tool—Compare performance metrics for up to four non-traded real estate investment trusts (REITs) side-by-side via Blue Vault Partners, a leader in non-traded investment research
- Research and education—Access valuable research, industry commentary and educational resources from Morningstar[®]
- Thought leadership—Keep up with the latest important alternative investment news from industry leaders and investment managers

There are no new costs associated with the Alternative Investment Center. Please contact your Account Manager if you have any questions.
